

DHKU2090-135 D - JPF CARBURE - 18-Apr-2026

The image shows a technical drawing of a harrow. A red rectangular box highlights a specific part of the harrow, which is a curved metal plate with a circular hole. To the left of this part is a smaller, identical part labeled with the number '120' in a grey box. To the right of the main harrow is a vertical line with a horizontal tick mark, labeled with the number '320' in a grey box. Below the red box, there is a white circular icon with two arrows forming a loop, followed by the text 'RÉFÉRENCE REMPLACÉE' in white capital letters on a red background.
